Central Utah Water Conservancy District  
Central Utah Project Completion Act

Uinta Basin Replacement Project  
**Big Sand Wash Reservoir Enlargement**

The Central Utah Water Conservancy District is seeking contractor services for the construction of the Uinta Basin Replacement Project, Big Sand Wash Reservoir Enlargement to be constructed for the District as part of the completion of the Central Utah Project. The project is located in Duchesne County, Utah and will consist of completing the Dam raise by either an earthen dam/clay core option, or an earthen dam/slurry wall option. Field construction work is expected to begin in March 2004 and is to be completed by November 30, 2005.

The estimated construction range is \$15 to \$25 million.

Any firm or joint venture interested in providing the described services will be required to submit a full prequalification package **prior to 4:00 p.m., Tuesday, September 23, 2003**. The purpose of the prequalification process is to select those contractors the District deems to be qualified and capable of completing the Project in conformance with the Contract Documents. Only those firms that are prequalified by the District will be allowed to submit a bid. Additionally, **any contractor wishing to bid will be required to attend a mandatory pre-bid conference and site-visit at 10:00 a.m., Thursday, September 18, 2003**.

A prequalification packet may be obtained by contacting Katherine Crenshaw at 801-226-7123. Questions specific to the project should be directed to Mr. Kirk Beecher, P.E., Project Manager at 801-226-7193.
