

## **REQUEST FOR MACHINERY BID – WATER VACUUM PUMP**

The Central Utah Water Conservancy District is seeking sealed bids from machinery suppliers for a trailer-mounted vacuum pump. Sealed bids must be received by 10:00 A.M on Tuesday, June 24, 2008. The bid price quoted must be good for 45 days therefrom.

The specifications for the trailer-mounted RAMVAC 2000 or functionally similar vacuum pump may be found on the District webpage, [www.cuwcd.com](http://www.cuwcd.com) or obtained by emailing a request to [Elaine@cuwcd.com](mailto:Elaine@cuwcd.com) .

The vacuum pump shall be capable of being used for trenchless potholing of utilities, exposing/locating water lines, manhole cleanout, and water line cleanout.
