

**REQUEST FOR PROPOSALS
TO PROVIDE ENGINEERING DESIGN AND CONSTRUCTION
MANAGEMENT SERVICES FOR THE CENTRAL UTAH WATER
CONSERVANCY DISTRICT SEISMIC MITIGATION PROJECT 1**

DESCRIPTION OF WORK: The Central Utah Water Conservancy District (the "District") is seeking Statements of Qualifications (SOQ's) and technical proposals from qualified engineering firms to provide expertise and services relating to the design and construction management of the District Seismic Mitigation Project 1.

The District Seismic Mitigation Project 1 is the first implementation of seismic mitigation measures contained in the multi-year District Hazard Mitigation Plan. The measures include seismic structural retrofit of existing water storage and treatment facilities in the District at the Utah Valley Water Treatment Plant in Orem, Utah.

REQUEST FOR SOQ's: Interested firms may obtain more information, including planned projects and required services in the Information Packet for SOQs beginning August 30, 2010 at no charge from the District at 355 West University Parkway, Orem, Utah 84058, Telephone (801) 226-7125, or from the District's website at www.cuwcd.com.

SOQ's DUE: To be responsive to this request for engineering and construction management services, the engineering firm must submit eight (8) copies of a Statement of Qualifications (SOQ) to the Central Utah Water Conservancy District, Attn: David Pitcher, P.E., Chief Engineer, 355 West University Parkway, Orem, Utah 84058-7303, no later than **4:00 pm, Thursday, September 16, 2010**. The tentative project schedule is contained in the information packet for SOQs.

SELECTION OF CONSULTANT: The District will form a selection committee to review the submitted SOQs and will evaluate each based on the responsiveness, expertise, and experience of the interested firm. The committee will then select the most qualified firm(s) for oral interviews/presentations. Technical proposals and sealed cost proposals will only be required from those firms selected for interviews. Firms selected for oral interviews and preparation of technical proposals will be notified no later than September 29, 2010.

Questions should be directed to Mr. Cort Lambson, P.E., by calling (801) 226-7179 or fax to (801) 226-7111 or email at: cort@cuwcd.com.
