

Revised 2010 Landscape Irrigation Product Rebates effective July 1, 2010

Central Utah Water Conservancy District will share the cost of purchase of the following water conserving landscape irrigation equipment:

Rebate Amount	Requirements for rebates
_____ _____ _____ _____	<ol style="list-style-type: none"> 1. COMBINATION of Smart Controller (clock) PLUS weather station, pager access, or soil moisture sensor accessory. <i>See list of eligible hardware on back of form.</i> <i>Size (number of zones) must be indicated on receipt.</i> 2. Weather station, pager access, or moisture sensor kit for addition to previously purchased system. <i>See list of eligible hardware and rebate amounts on back of form.</i> 3. Pressure regulator or flow control for irrigation system (NOT A BACKFLOW PREVENTER) <i>See list of eligible hardware and rebate amounts on back of form.</i> 4. Low precipitation stream-spray nozzles, PRS (pressure reducing) heads, xeri-sprays, xeri-pops, drip emitters, in-line emitters, microsprays, pressure regulating filters <i>See list of eligible hardware and rebate amounts on back of form.</i> <p><i>*For additional information about products included in rebate and examples of qualifying equipment, please see our website, www.cuwcd.com/rebates</i></p>
	TOTAL REBATE REQUESTED (Maximum rebate \$599.00)

To receive your rebate (limit 1 rebate package per residence):

1. Assemble receipts (or copies) for purchase of equipment. Receipts must show cost of equipment; or, if installed by contractor, number of specific qualifying items must be listed. Please include name-address-and-phone contact information for contractor with rebate form.

2. Submit receipts and this form (filled out, **including amount of rebate being requested for each item**) to:

Nancy Hardman (801) 226-7187
Central Utah Water Conservancy District

355 W. University Parkway
Orem, UT 84058

Name of homeowner _____ Phone: _____

Address _____ Lot size: _____

City and Zip _____ (residents of Central Utah Water Conservancy District only — see reverse side for list of District counties)

Please check one: New landscape _____ or Retrofit _____

For purposes of determining the water-saving effectiveness of this program, homeowner agrees to allow CUWCD access to water use records for the months of March through October and to provide such information upon request. Representatives of CUWCD may visit home sites where rebated equipment has been installed and will examine municipal water use records of participating homeowners.

I understand and give permission for my water use records to be examined:

The Landscape Irrigation Product Rebate is an ongoing Conservation Program of Central Utah Water Conservancy District, but CUWCD reserves the right to cancel or modify the program at any time. Please refer to website, www.cuwcd.com/rebates, for current status of program. Rebates are offered independently of any sale prices or rebates that may be concurrently offered by manufacturers or vendors.

Landscape Irrigation Product Rebates

The listed equipment or hardware is eligible for rebate to end user:

Item If contractor installed, please indicate equipment used	Brand name or description	Rebate amount	
Controller (Clock) plus weather or moisture sensing accessory (please note number of zones)	Hunter Pro-C, ICC, I-Core, and X-Core Series + Solar Sync	\$15.00 per valve/zone	
	Weather Track satellite paging system		
	Rain Bird ESP Series + SMT Control		
	Rain Bird ESP LX Controller + ET Cartridge		
	Rain Bird SAT w/ Maxicom or Site Control		
	Weathermatic Smartline Controller + Weather Station		
	Baseline 3200R with Soil Moisture Sensor		
Weather or moisture sensing accessory (not a rain gauge)	Hunter Solar Sync	50% of equipment cost	
	Rain Bird SMT Control		
	Rain Bird ET Manager		
	Rain Bird WR2 Rain/Freeze Sensor		
	Rain Bird SMRT-Y Moisture Sensor		
	Smartline Weather Station		
	ProMeter Moisture Sensor		
	Baseline WaterTec		
	System pressure regulator or flow sensor	Rain Bird PRS Dial	50% of equipment cost
		Master valves used in conjunction with flow sensors	
		Netafim, Hunter, Rain Bird (flow sensors)	
	Specialized sprinklers and nozzles	MP Rotators—all series, nozzles only *	50% of equipment cost, or *\$5.00 each if contractor installed ‡\$10.00 each set of Body + Nozzle if contractor installed CANNOT claim rebate for both individual nozzles and sets
		MP Pressure Regulated Body + Rotator Nozzle with or without check valves‡	
		Hunter pop-up spray w/ pressure regulator *	
Orbit Eco-Stream series *			
Rain Bird PRS sprays and rotors, MPR-SAM sprays and rotors *			
Rain Bird Rotary Stream Nozzles *			
Drip System Components	Drip emitters, pressure regulators for Drip, Netafim or other in-line emitters, microsprays, xerisprays, xeripops, RBY pressure regulating filters (Rain Bird)	50% of equipment cost or \$100 per drip zone if contractor installed	
	Rain Bird Control Zone kits, Rain Bird in-line XF and SDI tubing, low-flow emission devices
